mybCare

MyB Care is the dedicated bathroom restoration and maintenance service by MyBathrooms, created to make bathroom care simpler, more reliable and worry-free.

Built on the design understanding, technical expertise and quality standards of MyBathrooms, we go beyond installation to help customers restore, maintain and enjoy their bathrooms for years to come.

From complete bathroom transformations with our 12-day restoration promise to thoughtfully planned annual maintenance, every service is managed with attention to detail, structured quality checks and a commitment to lasting comfort.

Your bathroom deserves a fresh start, without the stress.

Over time, worn-out surfaces, ageing fittings and everyday wear can take away the comfort of a bathroom you once loved. With MyB Care, bringing it back to life is easier than you think. From carefully managed restoration to ongoing maintenance, we take care of every detail with the expertise of MyBathrooms, so you can enjoy a beautiful, comfortable bathroom without the hassle.

Two ways to care together in one seamless experience.

Bathroom Restoration

Bathroom Restoration is a complete transformation designed to bring old, tired bathrooms back to life. From coordinated execution to three quality checkpoints, every step is carefully managed, with a 12-day completion promise from the agreed start date.

Annual Maintenance Care

Annual Maintenance Care keeps your bathroom in its best condition with four scheduled deep-cleaning sessions, regular technical attention and ongoing support, helping you enjoy a clean, comfortable and well-maintained space throughout the year.

12 DAY
BATHROOM RESTORATION PROMISE

We know bathroom renovations can feel stressful, with too many decisions, delays and people to coordinate. That's why MyB Care makes the entire process easier. From the first assessment to the final finishing touches, we manage every step and promise to restore your bathroom within 12 days from the agreed start date.

Checked at every step. Finished with care.

We believe a good bathroom is all about the little details. That's why we check the work at three important stages to make sure everything is right before moving forward.

01

After Plumbing
We check water pressure and connections to ensure everything works as it should.

02

After Tiling
We inspect slopes, corners and finishing for a clean, proper finish.

03

After Installation
We check showers, fittings and overall performance before handing over your bathroom.

Annual Maintenance Care

Your bathroom deserves care long after installation. With MyB Care, we help keep everything clean, working smoothly and ready for everyday life through thoughtful maintenance and timely support.

Four Deep-Cleaning Visits
A thorough refresh to keep your bathroom clean and fresh throughout the year.

Performance Checks
Regular checks on showers and fittings to make sure everything works properly.

Descaling Treatment
Removing stubborn scale deposits from tiles and bathroom fittings.

Sewage-Line Treatment
Periodic treatment to help maintain clean and smoothly functioning drainage lines.

Replacement Assistance
Support when bathroom fittings need repair or replacement.

Priority Support
Up to three issue-support requests every year, whenever you need an extra hand.

Pricing & Plans

Keeping your bathroom in great shape shouldn't come with surprises. MyB Care offers a simple annual maintenance plan based on your bathroom's size, so you know exactly what to expect.

Annual Maintenance Plan

₹100/SQ.FT.

Minimum Annual Charge
₹7,500 per Bathroom

Bathroom Size	Annual Charge
Up to 75 sq.ft	₹7,500
100 sq.ft	₹10,000
